Posture Correction

Men's Posture Corrector Shirt

Colors: Black, White

Sizes: XS - 3X

Price: \$29.99

Item # 420

Want help with that back pain? Proper Posture! Our muscular system was designed to provide the support to our upper bodies including our heads which weigh a good amount. Yet in many cases we don't use our

muscles, instead we use our spine thereby causing it severe stress which leads to excruciating pain. Proper contraction of the abdominals and some resistance to keep our shoulders back would yield the posture we need. The Underworks Posture Top can help! Special resistant bands in an X formation from the back of your shoulders down to your sides keep your shoulders in the right position. A continuing band through your mid-section counters the pressure provided by the X bands and stimulates contraction of the abdominals. In addition, a specially contoured lower back panel helps prevent any stooping forward that may start in the lower back. All this inside a shell of a spandex nylon tank top make for a very effective solution. Proudly designed and made in the USA of US components.

Women's Posture Corrector and Trainer

Colors: Black, White

Sizes: XS - 3X

Price: \$19.99

Item # 419

The posture corrector keeps you upright and standing tall by pulling your shoulders back with its strong perfectly shaped straps. Double reinforced bands tighten your mid-section stimulating contraction of your abdominal muscles while metal stays on your back counter the pressure. This alleviates the stress from your spine, stimulates muscle response for balanced support of your upper body weight. Your new posture is easily learned, your circulation is improved and your breathing is full. A hook 'n eye front closure allows you three levels of support. Aggressive, comfortable and effective. Undetectable under clothing. Made in the USA from durable 30% Lycra® spandex and 70% nylon. Machine washable.

Getting The Perfect Fit

Bra Size: With your bra on, place a tape measure around your rib cage directly under the bust. Add 3 inches to this measurement to obtain your bra size. Be sure the tape is pulled snugly, but not too tight.

Cup Size: With your bra on, place a tape measure over the fullest part of your bust. If the measurement is the same as your bra size, your cup size is A.

If 1" larger than bra size, then Cup Size is B
If 2" larger than bra size, then Cup Size is C
If 3" larger than bra size, then Cup Size is D
If 4" larger than bra size, then Cup Size is E
If 5" larger than bra size, then Cup Size is F
If 6" larger than bra size, then Cup Size is G
